

featured winery region - McLAREN VALE

this month is McLaren Vale month. we are showcasing and discounting 5 reds from this region. some of the oldest shiraz vines in the world are in McLaren Vale. the region is located close to the water and benefits from receiving the cooling sea breezes which ensure even ripening of the grapes. this contributes to the production of elegant supple shiraz. you won't be disappointed.

what we're drinking at the moment.....

ken **2018 kooyong beurrot pinot gris - gls \$16.5 - btl \$66**
finally they have let me put my favourite pinot gris on by the glass. try it..... the kooyong beurrot pinot is the best there is in my view. if you like it tell tom that it has to stay!!

susan **2018 wilson watervale riesling, clare valley, sa - gls \$12 - btl \$48**
i'm loving this crisp clare valley riesling. aromas of fresh lime, green fruits and jasmine on the nose, lemon zing on the palate and great balanced acid all contribute to a great crisp finish. just delicious.

michael **2007 chateau gazin pomeril, bordeaux, france - btl \$220**
this wine is absolutely in its drinking window. this wonderful display of right bank bourdeaux is par excellence in a tough year. buy it, buy it now

tom **goose island bruce IPA pint \$14 - pot \$7.5**
I'm drinking beer this month. the 'bruce' wet hopped IPA is made from hops harvested the same day. this is a light, fruity, yummy champagne style IPA

wayne **mosswood amys cabernet blend, margaret river - btl \$86**
this wonderful cabernet blend from margaret river is a great smooth drinking drop. I highly recommend it

tez **2016 bowen shiraz, coonawarra, sa - btl \$75**
winter is here so it's a perfect time for a big shiraz. this has firm tannins with intense aromas of blackberry, liquorice, plum, dark chocolate and pepper notes. this powerful shiraz is great value and a perfect match to a tender juicy eye fillet! cheers!
